IN THE COMMERCIAL CONSTRUCTION INDUSTRY SINCE 1923.

Are we on the Brink of a Revolution?

(Not the kind you think!)

Spherical Block LLC is a start-up company launching **a revolution in advanced masonry technology**. This system builds roofs as arches and domes from specialized manufactured concrete blocks. The concept behind this innovation is to keep the entire structure under compression, being squeezed together. This is how concrete is strongest: under compression. Buildings and structures made with this masonry system are **affordable, beautiful, very strong, safe, and energy-efficient**
