

Brick can bend, curve and even make a circle!

Featuring the latest image in our new campaign promoting the versatility and beauty of brick. *Thank goodness we don't have to run up these steps to get to the Rocky statue!*

Brought to you by:

Safety at Heights Training

At EBA, we've lead the way to safe reopening on the job site during the pandemic...and continue to do so. Next up: **Safety at Heights Training.**

This **2 day course** is comprised of the:

- Authorized Person for Safety at Heights course
- Competent Person for Equipment Inspection course
- Rescue Planning for Safety at Heights course

[CLICK HERE](#) for more information.

In case you missed it yesterday...

Our mission at EBA is to **promote the value, savings, structural integrity,** and **safety** of masonry construction... ultimately increasing market share.

Check out our **latest effort** which is a feature article in Biznow, "As Construction Picks Up Again, Union Masons Can Get The Industry Back On Track." [CLICK HERE](#) to read the entire article.
